

veteran's renovation loan

The Veteran's Renovation Loan works just like a normal VA Loan, but allows for renovations to be done to a home after closing, with all renovation costs being added into the original loan. This loan is a great option for veterans because it opens up so many more possibilities in a tight housing market.

The VA Reno Loan allows for renovations that help protect or improve the livability of a property, like finishing a basement, remodeling a kitchen or bathroom, as well as plumbing or electric upgrades. This loan does not include structural items or luxury improvements such as a swimming pool.
